Injury Association at  
Carolinas Rehabilitation**

# **Brain Injury Support Group Network**

**Support groups for  
individuals with brain  
injury resulting from head  
trauma/traumatic brain  
injury, stroke, aneurysm,  
tumor, anoxia (lack of  
oxygen), and other causes  
and their families.**

Updated: 11/06

## **What is a Support Group Network?**

The purpose of a support group network is sharing with and supporting one another, meeting others dealing with similar life circumstances, working together to increase the public awareness of brain injury and learning about helpful resources.

## **Support Group Networks include:**

- Learning about life after brain injury
- Group Discussions
- Meeting other people
- Recreational and social activities
- Sharing ideas
- Giving and receiving information

**Contact the Family and Community Support Center of the Brain Injury Association of North Carolina at Carolinas Rehabilitation at 704-355-1502 or Toll Free at 1-800-634-2256 extension 51502 for more information on any of these support groups or for information on support groups in other areas of North and South Carolina.**

**We can also provide assistance with establishing a support group in your community.**

**Brain Injury Facts**

- Every 23 seconds, someone in the United States sustains a Traumatic Brain Injury (TBI). TBI occurs from a blow or jolt to the head. Leading causes include falls, motor vehicle/traffic crashes, and assaults.
- Every 45 seconds someone in the United States has a stroke. Stroke can happen to children, adolescents, young and older adults.
- In the United States the overall incidence of brain tumors is more than 14 per 100,000 people.
- Up to 1 in 15 people in the United States will develop a brain aneurysm most commonly detected in those ages 35 to 60.
- Anoxic brain injuries occur when there is a lack of oxygen supplied to the brain. Cardiac arrest, near drowning, electrocutions are a few examples of what may cause this.

**BRAIN INJURY ASSOCIATION OF NORTH CAROLINA (BIANC)**

BIANC is involved with Brain Injury Prevention, Education, Research and Advocacy, and is an affiliate of the national Brain Injury Association of America. Website: [www.biausa.org](http://www.biausa.org)
